Dudley Dough celebrates the labor of exceptional workers who nourish our community with healthful food—empowering them with just pay, dignity, and a voice in their workplace. We pursue social wealth, not greed, as the driving force of commerce. We believe that individual and societal well-being are bound together.

Haley House uses food and the power of community to break down barriers between people, transfer new skills, and revitalize neighborhoods. We believe in radical solutions: solving problems at their root by challenging attitudes that perpetuate suffering and by building alternative models. haleyhouse.org
