A Word of Thanks

Dear Friends,

Before anything else, we want to thank all of you for the generous outpouring of support. We are very grateful to those in our Live-In Community who have sacrificed so much to be on the front...
lines to welcome and serve the unprecedented number of guests at our doors. As an organization, we have prioritized the welfare of our guests and staff, and we are doing all that we can to ensure their well-being through this period. We all know that those who are impacted most by this pandemic are the folks with the least, and we appreciate your ongoing support as we try to take care of our friends and neighbors.

Many thanks,
Bing and the Haley House Community

Hospitality at a Distance
Since transitioning to take-out service last month, the incredible Live-In Community has served more than 2,000 warm, nutritious, and lovingly prepared meals to our guests.

In the soup kitchen, we're seeing firsthand that the spread of this virus is hardest on those in our society who are already marginalized. You cannot "stay home" if you do not have a home to stay in. For this reason, we've developed rigorous cleaning and distancing systems and are working hard to connect our guests with the services they need, particularly medical care as provided by the amazing folks over at Healthcare for the Homeless.

We intend to keep our doors open as long as we are able, doing our part to ease the harshest effects of this crisis through food with purpose and the power of community.

We're Back: Take Out & Delivery
After taking a beat to adjust our menu and update our cleaning and sanitization procedures, we've launched Take Out & Delivery from our Roxbury Bakery Cafe, Thursday-Saturday. The menu features classics like Jerk Chicken and Ginger Slaw, and some exciting new items like flatbread sandwiches on homemade chapati bread and Alima’s Curried Lentils. We’re also offering raw dough for Haley House’s famous Chocolate Chip Cookies, available in half dozen increments.

Farming, Full Speed Ahead!

The land has not stopped and we continue to prepare our urban farm for a full growing season. As soil temperatures continue to warm up, Farmer Anna has begun to prepare our beds by adding dark, rich, biologically active compost we built on site last year and installing mini hoophouses. We've even put our first crops - snap peas, collards and kale - into the ground!

One of the cornerstones of sustainable agriculture is building ecosystems that are adaptable, so we will remain flexible to whatever comes next! All these challenges affirm the core questions that drive us at the farm and beyond:

- How can we create relationships that are resilient during crisis?
- How do we build sustainable and sustaining communities that aren't driven by individualism and fear?
- How do we simultaneously foster independence and a deep sense of interconnectedness?

- Coats, sweaters, and shoes
- Travel-sized toiletries (soaps, shampoo, conditioner, lip-balm, toothpaste, toothbrushes)
- Deodorant
- Shaving cream & razors

**Goods:**
- Silverware (forks + spoons especially)
- Bowls
- Aprons
- Rags
- Books/ magazines (Spanish + English)
- Checkers, Chess, Scrabble
- Dressers
- Twin bed sheets & comforters
- Pillows
- Towel sets
- Ceramic Mugs

These items can be dropped off at 23 Dartmouth Street at any time. [Click here](#) for more info on in-kind donations.

• How do we focus on the needs that will never go away - growing nutritious food and cultivating beauty?

The importance of a hyper-local food system is more clear now than ever.

We are so grateful to be in active conversation with the wider web of farmers, gardeners, food system activists, and policy makers to stay up to date with best practices, share resources, challenges, wisdom, and hope. Great resources can be found at the MA Food System Collaborative's website. As always, we welcome your feedback. Email us with thoughts and questions.

Thank You & Farewell, Rachel!

VOLUNTEER UPDATE

To limit spread of COVID-19 and keep staff and guests as safe and healthy as possible, our volunteer program has been temporarily suspended. However, in the coming weeks we may find there are things people can help with remotely or ways in which volunteers can help us without contact. If you're interested in being on the list of people we reach out to as opportunities arise, fill out the volunteer application here and then fill out this form for this specific kind of outreach.
